**Expert Talk on  
"Engineering in Internet of Things" by Prof. Bhaskar Krishnamachari, Professor, University of Southern California, United States**

**8<sup>th</sup> January 2021**

Indira Gandhi Delhi Technical University for Women, Delhi - 110006  
Department of Computer Science and Engineering

Presents

Expert Session on

**'Engineering the Internet of Things'**

08<sup>th</sup> January, 2021 11:00 AM – 12:00 Noon (Cisco Webex)

Host:  
Prof. S.R.N. Reddy,  
CSE Department,  
IGDTUW, Delhi.

Organizer:  
Prof. Devendra K. Tayal,  
CSE Department,  
IGDTUW, Delhi.

Speaker: Prof. Bhaskar Krishnamachari, Professor, University of Southern California, United States.

He serves as the founding director of the USC Viterbi Center for Cyber-Physical Systems and the Internet of Things (CCI) and as co-director of the USC Center for Human Applied Reasoning and the Internet of Things (CHARIOT). He works on the design of algorithms, protocols, and applications for the internet of things and distributed systems.

Indira Gandhi Delhi Technical University for Women (IGDTUW) has been upgraded from Indira Gandhi Institute of Technology in May 2013 vide Delhi State Legislature Act 9, 2012, as a non-affiliated teaching and research University at Delhi to facilitate and promote studies, research, technology, innovation, incubation and extension work in emerging areas of professional education among women, with focus on engineering, technology, applied sciences, management and its allied areas with the objective to achieve excellence in these and related fields. The objective of the University is to foster industry relevant research and innovations and empower the women of our country through value based higher education making them employable, self-reliant, responsible citizens of the country with concern for environment and society.

About Department of CSE

The Computer Science and Engineering Department is the most versatile department of college and caters to the needs of other departments as well. The department aims at developing the fundamental conceptual knowledge along with the total personality, which helps computer engineers to face the challenges of rapidly changing software

industry. Numerous professional activities are conducted to improve interaction between students, faculty, other academic institutions and industries. The Department offers B.Tech, M.Tech (AI), and Ph.D Courses.

Objective and Scope

This Faculty Development Programme (FDP) is devoted to addressing the need to enhance the knowledge about the latest technologies pertaining to Machine Learning (ML) and Deep Learning (DL) that are usually considered as the subsets of Artificial Intelligence (AI). Deep learning is a subset of machine learning that has networks capable of learning unsupervised/supervised from data that is unstructured or unlabeled. It imitates the workings of the human brain in processing data and creating patterns for use in decision making. The objective of this FDP is to introduce the participants to the world of Machine Learning and Deep Learning and give an insight on how and where it can be used.

- The objective of the FDP is to introduce fundamentals Machine Learning and Deep Learning.
- This FDP will be a very useful platform for Faculty and researchers to update their knowledge.
- This FDP also focuses on exploring various research opportunities and challenges in the field of Machine Learning and Deep Learning.

Topics to be covered

- Introduction to Machine Learning and Deep Learning.
- Supervised Machine Learning Applications
- Un-Supervised Machine Learning Applications
- Reinforcement Learning.
- Deep Learning Applications

# FDPS, WORKSHOPS & GUEST LECTURES ORGANIZED BY DEPARTMENT OF APPLIED SCIENCES & PHYSICS (ASP)

Session on "Ayurveda Dietary rules for Good Health". The esteemed speaker of the session is Dr. Reena Arora, Ayurvedic Consultant lifestyle support,

17<sup>th</sup> January 2021

Talk on Mental Health, by knowledgeable doctors from VIMHANS, New Delhi.

22<sup>nd</sup> May 2021

Webinar with OSA (the Optical Society) Expert Lecture on "Aptitude Building" by Mr. Navneet Anand, Business Head, MBA-Prep Group, Career Launcher.

30<sup>th</sup> May 2021

Expert Lecture on "AI in Medicine and Public Health" by Eminent Speaker Dr. Tavpritesh Sethi

17<sup>th</sup> June 2021

INDIRA GANDHI DELHI TECHNICAL UNIVERSITY FOR WOMEN  
in association with

Webinar on "Come be a part  
of my Marketing journey in 5  
Countries” insightful session  
with the distinguished  
guest, Ms. Asavari Moon,  
Seasoned Marketing  
Professional, ESTEE  
LAUDER.

**10<sup>th</sup> July 2021**

# FACULTY DEVELOPMENT PROGRAM 2021

Department of Management, IGDTUW organized a One Week Online AICTE Training and Learning (ATAL) Faculty Development Programme (FDP) on “Research Methodology” from 26th – 30th July, 2021.

Indira Gandhi Delhi Technical University for Women

Organises

A One-week online AICTE Training and Learning (ATAL) Faculty Development Program (FDP) on Research Methodology 26-30 July, 2021

Jointly Organised

by Department of Management and Department of ASH IGDTUW

Opp St. James Church, New Church Road, Kashmiri Gate, Delhi-110006  
www.igdtuw.ac.in

About ATAL Academy

AICTE Training and Learning (ATAL) Academy is established with the vision “To empower faculty to achieve goals of Higher Education such as access, equity and quality”. ATAL academy conducts a series of workshops in thrust areas identified by AICTE.

About IGDTUW

Indira Gandhi Delhi Technical University for Women (IGDTUW) was established by the Govt. of Delhi in May 2013 vide Delhi State Legislature Act 9, 2012, as a non-affiliating teaching and research University at Delhi. The aim of the University is to facilitate and promote studies, research, technology, innovation, incubation and extension work in emerging areas of professional education among women, with focus on Engineering, Technology, Applied Sciences, Architecture and Management.

Department of Management

University has started the Department of Management under the Faculty of Business Studies in 2019. The Department of Management has the vision to be recognized as a center of excellence in management education globally by imparting a cross-functional perspective to develop future women leaders and women entrepreneurs who can manage effective business organizations. To meet the challenges of a dynamic business environment we equip young women with the right blend of theoretical and practical business management knowledge. The Department offers a three-year full-time BBA and a two-year full-time MBA programme.

Department of Applied Sciences and Humanities

A strong high-rise building can be built only on a strong foundation, which signifies the importance of the Department of Applied Sciences. The objective of the Department is to prepare and train the first-year B. Tech students in Physics, Chemistry, Mathematics, and Communication skills with an applied approach. The Department offers a Doctorate Programme in the field of Applied Sciences. The department has two well-equipped laboratories of Applied Chemistry/ Environmental Studies and Applied Physics with trained staff.
